After some lengthy discussions by various members present the following points were ratified.

1. Practice Nights were to be made more involved. i.e. marching as a band is very important and this should be the major part of the practice evenings as well as learning the correct drumming techniques.
2. Maximum publicity is necessary to make the band known in Bundaberg circles.
3. The band should perform in as many local festivals and parades as is practicable.
4. Members must make a full commitment to their role in the band and attend practice nights on a regular basis and take part in all parades where possible.

The recent article on the band in the Saturday edition of the Newsmail aroused some interest from the local population and it is hoped that some new members will be recruited from this.

The meeting closed at 21:15hrs.
